

October 7, 2021

Dear Family Member,

As I had informed you on October 1, 2021, due to a positive employee, we have continued regular testing of all facility residents and staff. Yesterday, another employee tested positive and was immediately sent home. All other residents and staff tested negative. We have suspended visitation on the fifth floor including our ventilator unit for the duration of at least 14 days. As long as there are no new positive cases identified, we will be able to open visitation for that floor on Thursday October 21, 2021.

Please be reminded that iPad visits are still available upon request. Please contact the Activities Department to schedule one at 315-363-6000 extension 8313.

Sincerely,

Fortunato Scerbo III

Administrator
